GIRLS!

Eva p40

It's a massive gathering of mammary-heavy minxes!

Here at Nuts, we love to debate the pressing issues of the day. And after long, heated debates, we've concluded there's really only one rule in life that truly matters – bigger boobs are always better. To prove it, we've squeezed enough big-breasted babes onto our pages to burst the cell walls at Parkhurst prison. And who better to lead the mega-boobed escapees than our favourite ample-chested Pole, Eva? →

A close-up photograph of a woman with long, straight blonde hair. She is wearing a white, button-down shirt that is partially open at the collar. Underneath, she wears a light-colored, possibly white or cream, bra with thin, light-colored straps. She is smiling warmly at the camera, her head slightly tilted to the left. Her eyes are brown and expressive. The background is a plain, light-colored wall.

EVA!

Hi Eva! Are we imagining it or are your boobs getting bigger? Yeah, they're getting bigger!

They're huge! Honestly, if they grow much more, I'm going to need some help carrying them!

Where should prospective boob-holders gather in case of an emergency? My favourite places in Britain are Wales and Cornwall, so that'd be a good start. I love being in the outdoors with fields and mountains all around me. It's such good fun!

If you were coming to ours for dinner, what should we make? Ooh, I love all Polish food. You could cook anything and I'd be happy. But it has to be full of meat – us Polish love meat. So get down to the butcher, then look up a traditional Polish recipe and I'll be very happy!

If we did a good job, would we get lucky? Well, it'd be a very good start, that's for sure!

How could we seal the deal? If you can give a really good erotic massage, you're on to a winner. It turns me on so much, and it's a difficult thing to do properly. If that's a talent of yours, use it whenever you get the chance!

What would be most likely to ruin our chances? There's nothing worse than a gobby man who has nothing to back it up.

I hate men who go on about how great they are. They're never able to follow it up, so just keep it shut!

Er, right, OK! What's the most embarrassing thing a bloke's ever done in the bedroom? I've been lucky – nobody's ever done anything really embarrassing... yet! Some of my girlfriends have told me horror stories about stuff men have done in the bedroom. Maybe I'm just lucky!

How do you like a man to treat your boobs in the bedroom?

It depends. Sometimes I like them to be treated roughly, other times I just want them to be nicely caressed. You just have to try your luck until you get it right! →

GIRLS!

A full-page photograph of a blonde woman with long hair, smiling and looking towards the camera. She is wearing a purple long-sleeved top and blue shorts. Her right hand is resting on her hip, and her left hand is holding the hem of her top. She is sitting on a light-colored bed. A small graphic of a speech bubble with an exclamation mark is visible on the left side of her shorts.

RHIANA!

Hi Rhian! Why are boobs so brilliant? You can never get enough of big boobs, can you? They're the way forward – that's why today's shoot was so much fun! **Would you swap your boobs for smaller ones?** Definitely not. Up is the only way to go! I quite like the size of mine, but maybe I'd like them to be a bit fuller. I'd look a bit ridiculous if they were too much bigger and I'd probably fall over all the time!

Are you excited about summer? Of course! I'm looking forward to getting away on holiday. I don't mind where, as long as it's really hot and near the sea!

What's your favourite flavour of crisps? Cheese and onion all the way! But they do make your breath smell, so you need to make sure your man's eating them, too.

Have the girly mags left you alone now after that stuff with Vernon Kay? Yeah, they've just started to, so I can relax now. I'm still avoiding buying any of the magazines, though. I don't want to read what they've got to say!

Did you learn anything from what happened? I've learned not to trust people. I'm a bit more wary now, which is a shame.

An anagram of your name is "sharing nude". What would you share in the nude? Ha-ha, that's so weird! I don't know what I'd share in the nude! Maybe some cheese and onion crisps would be nice. Or a bath? That's a bit sexier than sharing crisps, isn't it? ■

A close-up photograph of a woman with long, wavy blonde hair. She is smiling warmly at the camera, her eyes looking slightly downwards. Her hands are placed on her bare breasts, fingers gently touching the skin. The lighting is soft and warm, highlighting her skin tone and the texture of her hair.

KELLY!

Hi Kelly! Who's got the best boobs on the shoot today? Everyone's got amazing boobs! I do like Melissa's, though, mainly because I think they're biggest. **Has anyone ever told you your boobs are too big?** Yes. I was on holiday with my mate in Miami and a woman walked past with her boyfriend. He was staring at us in our bikinis and she said, "They're way too big!" I think she was just a bit jealous!

Who's the most famous person you've met? I haven't met that many famous people but I guess the biggest celeb was Katie Price. I met her on a shoot and she was lovely. We had a laugh and she was really easy to get on with.

Your MySpace page says you like to dance your bum off. Has that ever actually happened? Ha-ha! No, it's never actually come off, but I've danced until I've felt like collapsing before. Me and my friends used to go to a gay bar in Liverpool called G Bar. We're not gay, but it's the best place to go dancing, and we'd be in there until eight in the morning! When we came out, it'd be sunny!

Describe your ultimate sexy summer holiday. Somewhere really hot, with good bars but where we can relax on the beach and sunbathe topless without getting pestered by men. I'd take loads of girls and loads of drink and we'd party all week!

Where would you rather be – a trendy club or a sweaty gig? A trendy club every time! I can't stand sweaty gigs! I love going to Liverpool to go clubbing.

What do you love doing more than anything else in the world? Well, sex! That's the most fun thing you can do! Sunbathing is a close second. I like to lie there and just chill in the sunshine.

Have you ever gone out to pull and come home empty-handed? I don't really go out to pick up random guys from bars. If I meet someone I like at a bar, I might give him my number. But I like to make men wait a little first. It makes it more exciting! ➤

MELISSA!

Hi Melissa! Are you famous in your home town now? Yes! Blokes in the gym always look as if they're trying to work out where they know me from. I can tell the *Nuts* readers because of the looks they give me. I love it! So they recognise you with your clothes on? Well, sort of. They obviously recognise my face but that's why they're not sure – they need me to strip off at the gym so they can be sure it's me!

What do you do when you're not driving men wild in the gym? I love to go out with my friends to clubs and dance all night long with a few shots inside me! And I love Sundays as well – spending Sundays with all my mates and just chilling out.

Does the same go for your summer holidays? Yes. I want to go to Ibiza this year with the girls for a massive party week. I love partying all night and sleeping it off beside the pool the next day!

Do you have a summer holiday hangover cure? I really like a mint ice cream. But, weirdly, I'm not that into other ice lollies.

Ever used it in the bedroom? No, I think it'd melt too quickly! But I've used other food, like whipped cream and chocolate sauce. It's really messy but fun! And you get to eat while having sex – it's the perfect way to multi-task!

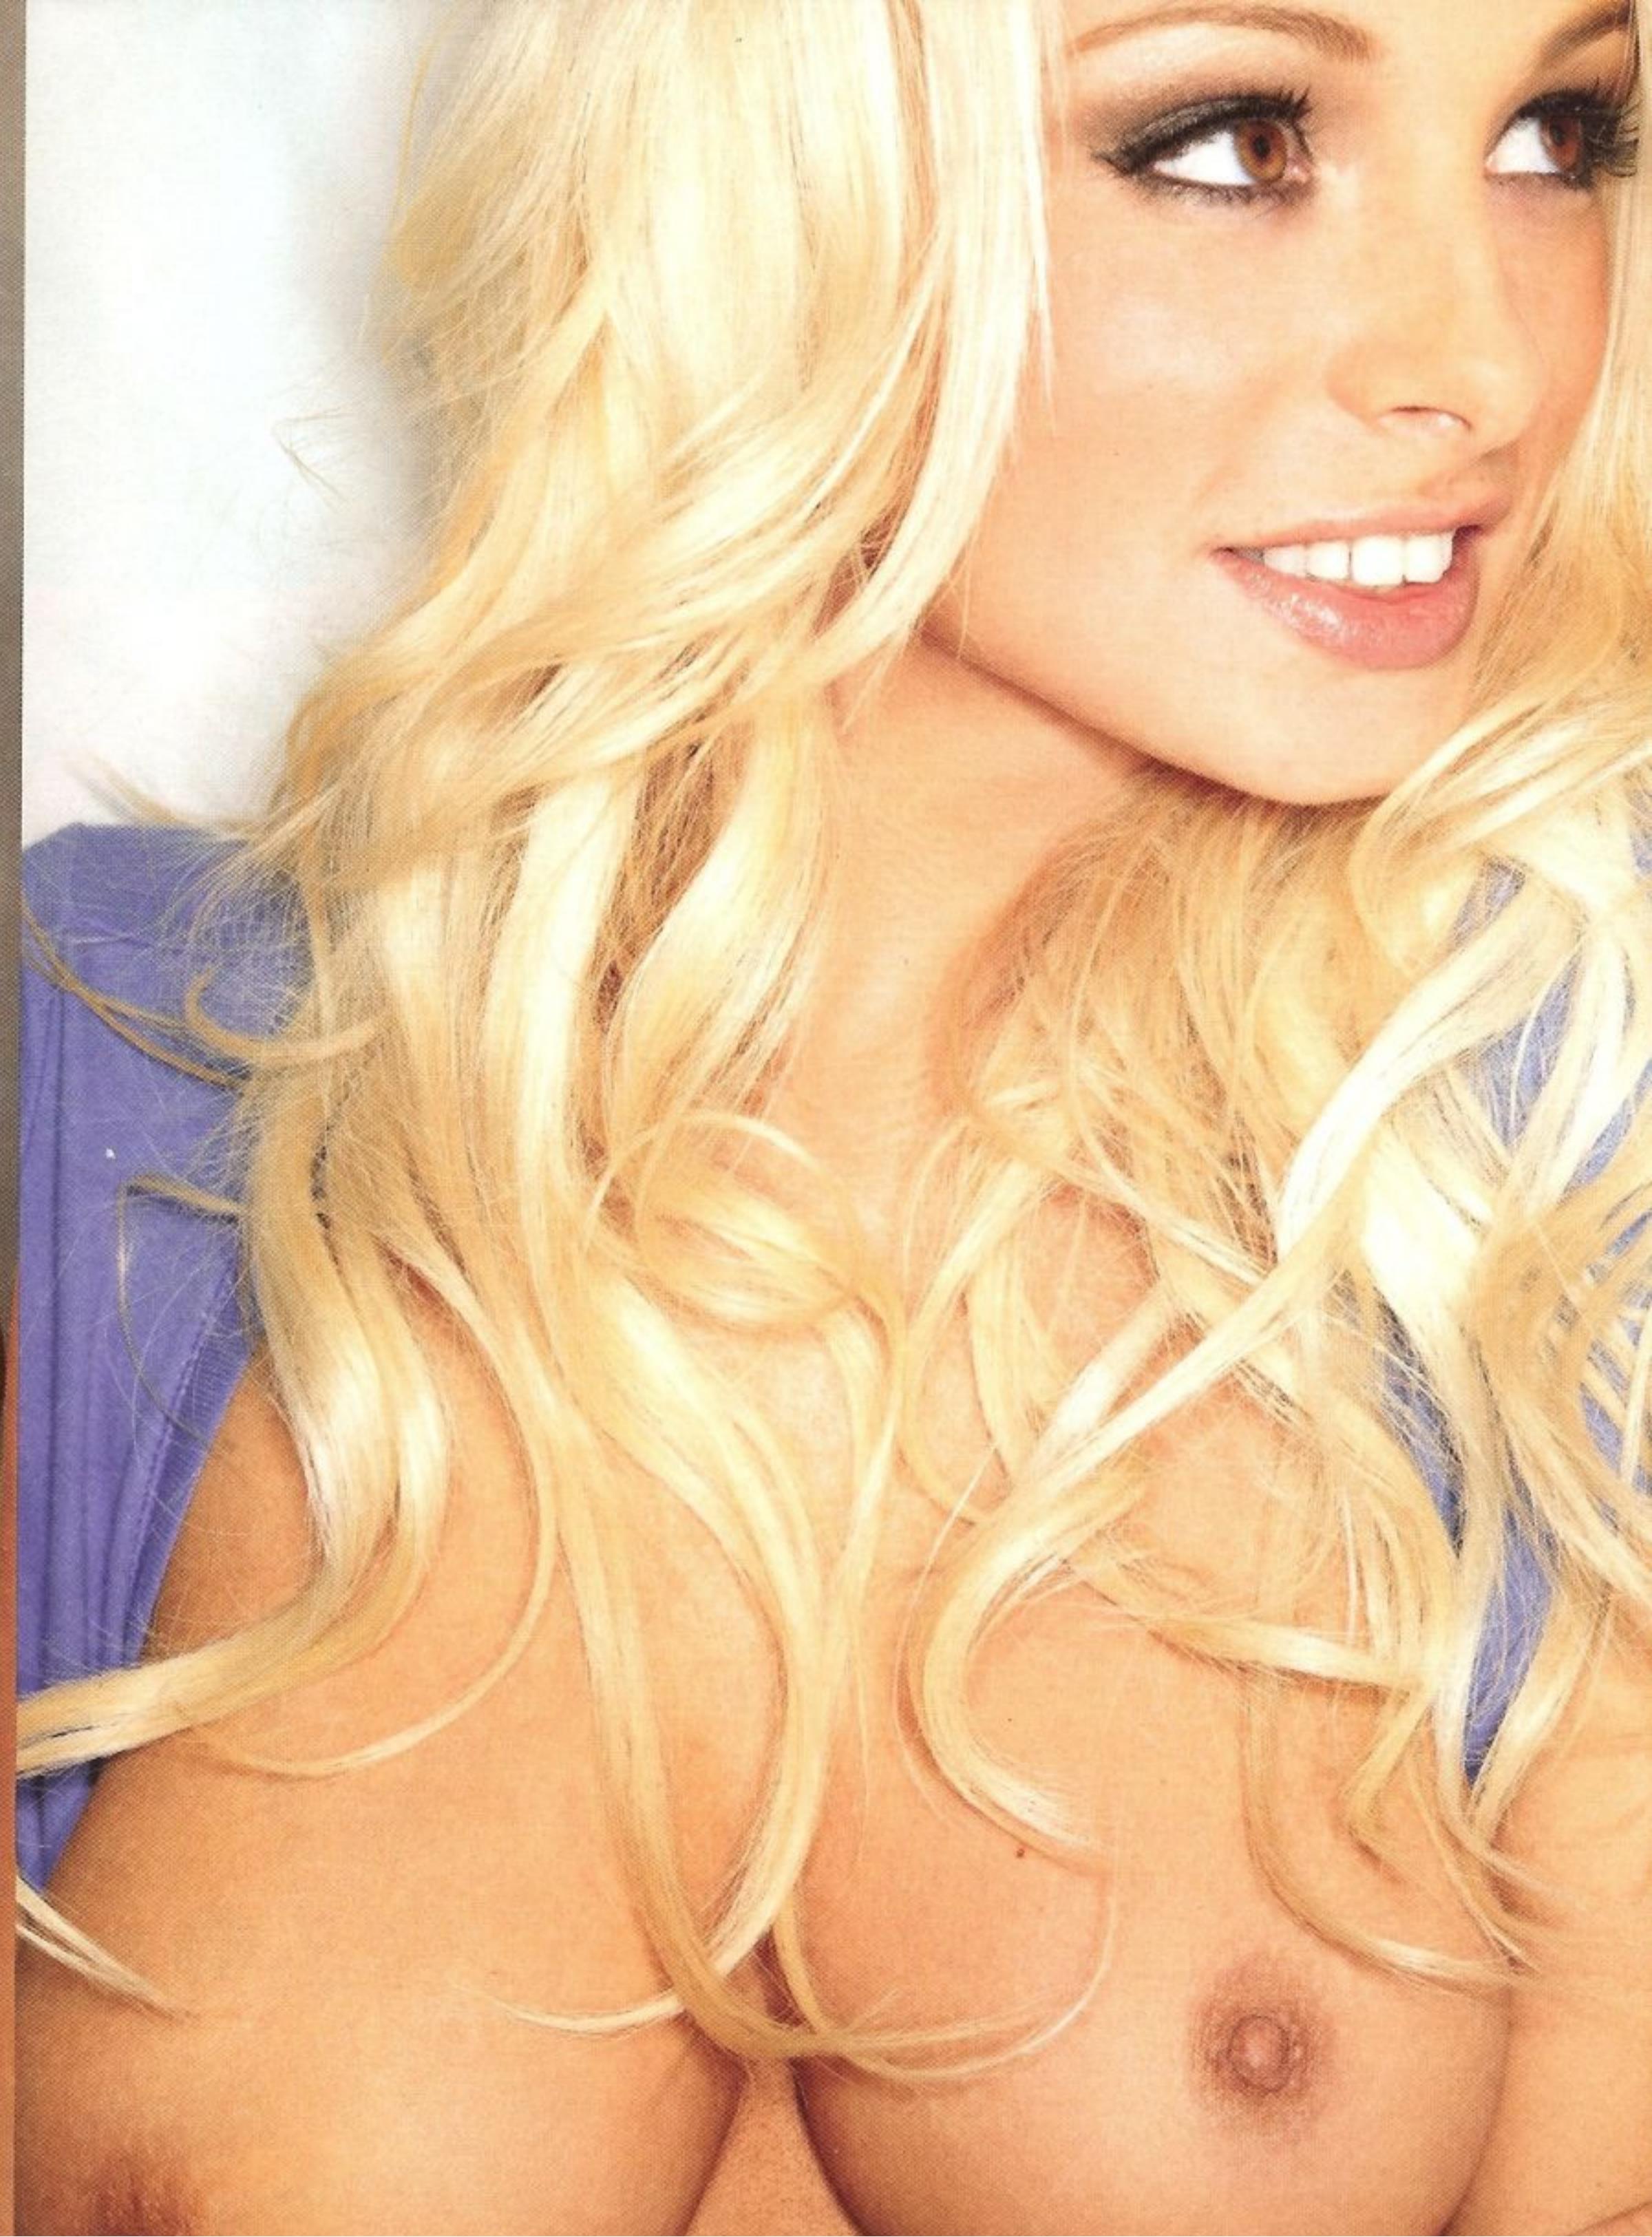

What's the best song to have sex to? My favourite music is funky house – but that isn't so good in the bedroom. I've never really done the whole music with sex thing anyway – I've never planned that far in advance. It's got to be spur of the moment!

Crikey! So what should a bloke do with your boobs in bed?

I like it when blokes play with my nipples, but I hate it when they just start pulling them around and rubbing them the wrong way. Treat them gently!

Do you have a secret way of getting your man in the mood? I send my bloke rude picture messages quite often, usually while he's at work! It always seems to do the trick! ➤
